(Hayden, Colorado))

PETITION FOR RULEMAKING

To the Chief, Allocations Branch:

Dana J. Puopolo ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purpose of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:

1. Petitioner proposes the Commission allot FM channel 289C2 to Hayden, Colorado as its third commercial FM service. This would require amending Section 73.202(b) of the Commission's rules as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Hayden, Colorado	240C3, 297C2	240C3, 289C2, 297C2

2. Hayden is an incorporated town located in NW Colorado. It is located in Routt County. In 2000, the U.S. Census Bureau estimated that Hayden had a population of 1634 persons.

3. FM channel 289C2 can be assigned to Hayden in full compliance with the Commission's minimum distance separation requirements. This is shown by the attached spacing study. Coordinates used are: N 40° 35' 24", W 107° 08' 06" and are located approximately 16 Km NE of Hayden. This site restriction is necessary to prevent short spacing with stations KWGL, Ouray, CO, and KALC, Denver, CO.

4. Petitioner, or an entity with which he is affiliated, intends to apply for a construction permit to activate FM channel 289C2 if it is allotted to Hayden as proposed. If his application is granted, he shall promptly construct and operate the proposed station.

6. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are his, and are accurate to the best of his knowledge.

Respectfully submitted,

Dana J. Puopolo
